

Congratulations!

If you are reading this document on your e-reader, then you have configured Dontprint correctly.

Go ahead and try it out:

- Go to the website of a publisher.
- Log in or use your institution's proxy.
- Navigate to an article. A Dontprint icon should appear (see screenshot). Click it!

Dontprint will download the article's PDF, optimize the layout for a small screen, and send it to your e-reader.

Turn page to configure the screen size...
